About Us

The all round development of personality of human is the fundamental aim of education .Our school has been established to achieve this goal. Rich infrastructure, qualified and experienced human resource is ideal for this pious work. Clean and healthy environment is a salient feature of our school. School Management,teachers & non-teaching staffs are consistently effortive for multidirectional development of students. School is grateful for the co-operation & suggestions of our honorable guardians. Our school commits to develop the quality of creative thinking, integrity, cooperation and tolerance among the students and it further stresses to enhance professional competence of teachers to create a healthy school environment . Our main motto is to facilitate the student to excel in field of education and discipline.

PRESIDENT'S MESSAGE

Dear Parents,

By virtue of my position as the President of this pioneer and the prestigious institution, I owe certain obligations and responsibilities. As such with my varied teaching experience, I have thought it essential to express my personal views related to education. When a stream of wisdom overflows from the ocean of the perception, it brings fundamental quake in the whole edifice of the character of a student having thrilled to witness the all round development especially in his academic and moral behavior. We all agree that education is something which can metamorphose the life of human beings making them honest and responsible citizens of our country. Education is the tool which can change the life of a brute, by shunning his/her all brutality and barbaric instincts. Really, education is a touch stone which turn iron into gold. To me, education is the art which trains individual to cope with the diverse situations and helps him/her to excel in the life by overcoming the obstacles and by making the best use of the available opportunities and resources. Generally the school is conditioned to be the place where all round development of the child is insured. Here in this premises there would be interaction not only between the teachers and the students but also between the parents and teachers. A teacher is expected to possess the ability to perceive drawbacks of a student at appropriate time and sort these out carefully and delicately with tender affection to build the nation by little hands. We need your heartiest co-operation and affection to achieve new horizon.

With Thanks.

Arun Kumar Singh

PRINCIPAL'S MESSAGE

Our institution aims at an all round development of the students. The curriculum has been planned with a view to develop a regular habit of study among the students and also develop the other qualities of students through various extra-curricular activities. Also the parents are kept informed about the activities of the student in the class and school.

Our school commits to develop the quality of creative thinking, integrity, cooperation and tolerance among the students and it further stresses to enhance professional competence of teachers to create a healthy school environment. Our main motto is to facilitate the students to excel in field of education and discipline. I assure you that our humble efforts will continue in the years to come to meet the ever-increasing aspiration to the parents regarding their wards to achieve new horizons. I thank the parents who have always stood by us in our task of building a healthy educational environment. I look forward for your humble co-operation.

Rabindra Pathak

VISION OF SCHOOL

Our school emphasises on the wholesome development of personality as well as character of students. The logo of our school also depicts our vision as Bal, Budhhi and Vidya i.e Strength, Intelligence and Knowledge. The curriculum of our school is designed to impart both wisdom and knowledge to the children. Impetus is given on sports and extra curricular activities also. Our school always strive to impart good moral character and knowledge to the children so as to enable them to succeed in every chosen field in their lives.

Aims and objectives

1. Child-centered, complete education, relating academics to subject that create character.
2. Encourage the building of personality, including human values, self respect and the spirit of team work though a loving and caring environment.
3. Enhance physical, mental and spiritual growth of child though a proper lend of academics, sports and co-curricular activities.
4. Promote a curriculum that helps children develop self dependence, problem solving capacity, an expressive skills & Creative leaning.
5. Each of them to be secular by initiating in them a healthy respect for all religious. Respect for elders and love for their peer groups.
6. Emphasis on activity based learning, than on more bookish knowledge.
7. To develop the inner strength and confidence of the child by providing them Opportunities to learn and evaluate new ideas.
8. Prepare students to be a true citizen of India.

Curriculum

Our school follows the curriculum as prescribed by C.B.S.E. The structure of curriculum is such that to ensure that knowledge is imparted through a combination of resources like books, smart classes, well equipped laboratory, co-curricular activities etc. The books are based on the latest pattern as per NCERT and C.B.S.E.
